

Clearlake State Park is truly a lakeside oasis in the middle of a populated area. After lounging on the beach here one summer afternoon, it was very apparent to me what a draw this park is for boaters, swimmers and waterside picnickers.

*This beachside lodge provides a beautiful view of the lake and a great place for large gatherings or a small picnic.*

*In a different area of the park this shelter provides a more shaded, rustic feel.*

A paved bike trail runs right by the beach and along the way you can stop for some educational information about water quality!
